

# BROADMOOR EVENT

September 23rd to 26th

The next Class gathering will be at the Broadmoor Hotel in Colorado Springs. Bob Long and Charlie Tutt have prepared a great program for Sunday evening through Tuesday night, with optional events for Wednesday when several of us plan to stay over for an extra day. Hopefully others will decide likewise. If so, be sure to call Bob Long (719-473-3765) so he can clear it with the hotel.

At this writing the following are expected to be on hand:

Giff Agnew	Brad and Marion Green
Steve and Nellie Ailes	John and Norma Jean Harman
Ed and Midge Bartlett	Reese and Doty Harris
George and Diane Brady	Frank and Eleanor Hibben
Jack and Daisy Bishop	Bob and Justine Keidel
Bill and Peg Cahn	Tom Lasater
Fran Carew	Bob and Louise Long
Jeanne Chapman	Frank Mellinger
Bob Clifford	Art and Becky Moody
Tom Creigh	Peggy Pace
Bill and Bar Crow	John and Ruth Renneburg
Frank and Seddie Dean	Lorna Terrell
Miller and Mary Gaffney	Frank and Lenchen Townend
Sophia Godfrey	Charlie and Mili Tutt
Dick and Adelaide Gordon	Don Wilson

There will be cocktails at 5:30 on Sunday at the famous Cooking Club on the side of Cheyenne Mountain ("on a clear day you can see Kansas") hosted by Charlie and Mili Tutt, with dinner back at the Penrose Room at the Broadmoor. Golf on Monday; Class Dinner Monday night with some words from Frank Hibben, chairman of the Department of Anthropology at the University of New Mexico, about his interesting life, including his recent official trip to China; on Tuesday a visit to Tom Lasater's ranch, where he has developed the world-known Beefmaster breed of cattle; optional activities include lunch at the Garden of the Gods Club (by prior arrangement with Bob Long); on Wednesday at 8:30 a.m. a trip to NORAD under Cheyenne Mountain (photo ID required, plus official record of social security number); visits to the spectacular Airforce Academy, the Will Rogers Shrine or the unique Mountain Zoo; more golf; tennis; skeet and trap shooting; ice-skating; finally, an unforgettable trip by the Cog Railway to the top of Pikes Peak (14,000 feet—not recommended for those with cardiac or respiratory problems). With so many attractions in this beautiful place it's easy to see why an extra day is so appealing.

For those classmates who might have a change of heart about signing up for this event, give Bob Long a call. He thinks it might still be possible to get additional rooms at the hotel.
