

TREASURER'S REPORT

Bill Hewson

Percentage of classmates sending in their dues this year increased to 74.6% from 71.2% in 1990 — 197 out of 264 vs. 201 out of 282 last year. In spite of this percentage improvement, 1933 ranks 9th out of the 10 classes of the 30's in % of classmates participating. Another 20 dues payers would put us near the top.

Although our numbers diminish, the Alumni Weekly continues to go to all widows, its rates rise every year as does its cost to the class: \$5438 in '88; \$5848 in '89; and \$6264 in '91. So this is a plea to those who skipped last year to join the ranks of this year, and warm thanks to the faithful.

The complete financial statement for '91 will accompany the dues notice in September. You will see that we had a deficit of about \$1400, almost entirely due to the cost of the Summer Newsletter. For the coming year, a group of classmates has contributed to a newly established Newsletter Fund which now totals about \$1400 and should permit us to break even, or come close, in 1992. We hope others will join this group.

The current surplus in the class treasury is \$9226.

Giff Agnew and Barney Koren celebrate their joint 80th at Boca Grande, Florida in April, assisted by Bill Crow and Bob Keidel.
